**WHO WE ARE**

The Gay Men's Sexual Health Alliance (GMSH) is an Ontario network made up of front-line workers, researchers, public health, policy makers and community members. Our work aims to respond to the sexual health needs of Ontario's diverse communities of gay, bisexual, and other men who have sex with men (GBMSM) and includes the development of resources and production of campaigns. We aim to reduce the transmission of HIV and other sexually transmitted infections among GBMSM. We also seek to improve the overall health and well-being of GBMSM in Ontario, which includes both HIV-positive and HIV-negative men. Our work aspires to effectively assist those working with GBMSM in maximizing their efforts to ensure that the GBMSM in our communities enjoy healthy, full sexual and emotional lives.
